

# SOLIDARITY DESPITE CORONA

Dear neighborhood,

due to the current situation of the **Coronavirus SARS-CoV-2** we would like to help each other as a community so that nobody is alone. We want to help each other with shopping, walking the dog, child care, exchange/loan of everyday items, etc.

**Skin colour, sex or gender does not play a role!**

**Please also think of our (older) neighbours who do not have a smartphone.**

**Through solidarity we will get through the next weeks together.**

Therefore we have a chat group created on the news app Telegram.

So everybody can offer and receive help.

In case of serious suspicion of **Coronavirus SARS-CoV-2** please dial **0800 5554666** or **116117** and in case of serious medical emergencies dial 112 (Only in case of emergency!).

## THIS IS HOW YOU GET INTO THE GROUP:

1. Download the chat app **Telegram**: [telegram.org](https://telegram.org)  
(iOS, Android, Mac OS, Windows)
2. Join your **local neighbourhood** group on Telegram
